REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Firstly, the Examiner apologizes for not addressing claim 16. Applicant was correct in assuming that claim 16 was rejected. However, the Examiner agrees with Applicant's arguments regarding the allowability of claim 16, specifically:

[T]he '333 patent does not include the following limitations contained in Claim 16: (1) "channels continuously extending from adjacent a first end of the oil pan to adjacent a second end of the oil pan", (2) "the channels extending downwardly from the first end the second end", (2) (sic) "the channels extending downwardly, from the first end wall and the second end wall towards an accumulation area", and (3) "the channel sides along the base are of a height which is less than their height in the region of reduced height".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
